### **Program Notes:**

Francois L'Haridon – our Rotary Exchange Student – gave a power point presentation depicting pictures of his home in France and his stay in Red Bluff and California. While he was here he met with other exchange students, other Rotary Clubs, attended Red Bluff High, and traveled to many parts of California. He went to Lake Shasta, attended a formal in Dunsmuir, went on ski trips to Shasta and Tahoe, traveled to Humboldt County and San Francisco – and SBC Park for a game - and Hawaii. Finally, Francois thanked his hosts, Ron and Barbara McIver and Joe and Missy Dominic, as well as John and Leslie Osbourne who will take Francois to the airport this Friday. It was a pleasure for the Rotary to have met and got to know Francois. We will miss his good company and pleasant manner and wish him well.

### **Drawing:**

The Drawing was won by Larry Jantzen.

## **Red Bluff Rotary Programs**

**- May 2006 -**

**MAY 16: FOCUS ON PUBLIC RESOURCES: Denise Snider** will present the program on the county's First Five Tehama Commission, working to build strong futures by targeting the needs of infants, young children and their families. This is a great opportunity to gather more information on Proposition 82 (universal preschool in California), appearing on your local ballot on June 6. Red Bluff Union Elementary School District Superintendent Charles Allen will honor the program with introductions.

**MAY 23: FOCUS ON SCHOLARSHIP** (or how Red Bluff Rotary turns beer into opportunity!) **Jack Fennell** will stand at the helm of our annual program that introduces our local college scholarship recipients. Jack will introduce his committee members and the crème de la crème of graduating high school seniors for short presentations on college and career plans. This is our crowning moment, Rotary members!

**MAY 30: FOCUS ON LOCAL HEALTH CARE: Sr. Pat Manoli** will introduce Tamina Carver, Manager of Nutrition Services at St. Elizabeth Community Hospital, to keep you updated on recent changes in care for pediatric patients at St. E's. How did they balance needed changes in nutrition and exercise with the need to keep kids happy while hospitalized? Come, see and hear the answer.
